Data source: PROMIS Database, BC Renal

¹The facility dependent nocturnal HD program was first initiated in 2011 at St. Paul's Hospital only. Between 2013 and 2015, this program was expanded to Surrey Memorial Hospital, Royal Columbian Hospital, Royal Jubilee Hospital and Abbotsford Regional Hospital and Cancer Centre. The noted average % increase per year was mainly driven by the rapid gain of popularity between 2011 and 2016.

²The facility independent nocturnal HD program was initiated in 2010 at Vancouver General Hospital. The program continues to gain popularity to date; however, the noted average % increase per year was mainly driven by rapid growth during the first 5 years of program inception.
