

Patient Reviewer, Peritoneal Dialysis (PD) Training Modules in Punjabi

Role description

BC Renal is seeking a patient to review a set of 8 PD Training Modules that are translated into Punjabi. The goal of this opportunity is to ensure that the translations of the module content are accurate and appropriate for patients who communicate in the language.

We will need one patient who is proficient in reading, writing, and speaking Punjabi.

Level of engagement

Consult: BC Renal will listen to and acknowledge your ideas and concerns and provide feedback on how your input affected the decision.

Requirements

- Can read, write, and speak Punjabi
- Has lived experience with PD
- Comfortable reviewing and editing written texts that are in Punjabi
- Have access to the Internet and a desktop/laptop computer

Number of positions available

1 position available

Commitment

- Review of 8 modules over 6-8 months
- Approximately 3-4 hours for each module
- Provide feedback and edits for the modules in Punjabi

RSVP questions

Please respond to the following questions by email (patientengagement@bcrenal.ca) or phone (604-875-7340) by **April 30th, 2024**.

1. Briefly describe your proficiency in speaking, reading, and writing Punjabi.
2. Why are you interested in participating in this opportunity?
